

CO-SECUR

Co-creating urban security solutions

CO-SECUR

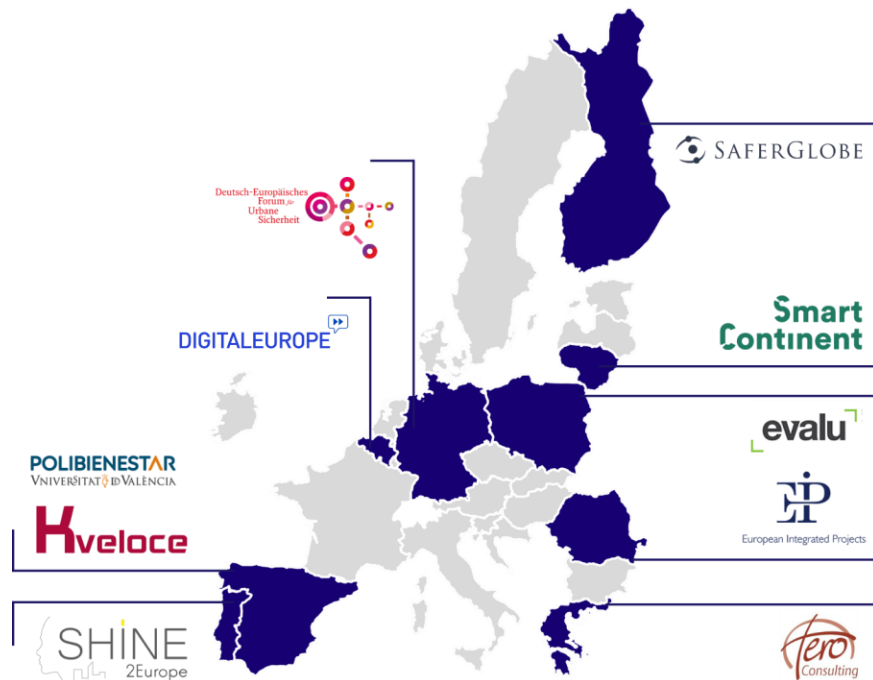

What's CO-SECUR?

CO-SECUR is a 3-year Horizon Europe project (2023–26) that aims to **improve citizens' security perception and behaviour** in public spaces, especially at large events and crowded areas, by actively engaging them to co-create innovative security solutions.

- **Funded under:** HORIZON.2.3 – Civil Security for Society
- **Start date:** 1 December 2023
- **End date:** 30 November 2026

Who is involved?

The consortium, led by Kveloce, brings together **10 partners** from **9 EU countries** with Multidisciplinary expertise:

- Social Innovation research
- Co-creation
- Smart citizens
- Local Community Engagement
- Urban / Civil Security Sectors

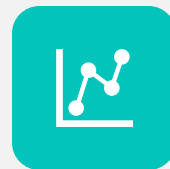

What are we doing?

A portfolio that will map and analyze social innovations designed to prevent, detect, and respond to security threats in public spaces.

Capacity-building activities and tools for knowledge exchange and interdisciplinary collaboration with key stakeholders.

Present evidence-based results to promote good policy decisions.

Co-creation of a Societal Development Plan (SDP) to encourage sustainable, scalable, and effective social innovation in security (SIS) solutions.

Societal Development Plan (SDP)

Social Innovation in Security (SIS)

A detailed **description of social innovation in security**, exploring the various approaches, methodologies, and principles involved, providing insights into the potential benefits and challenges of integrating social innovation into security solutions.

Compendium of Good Practices

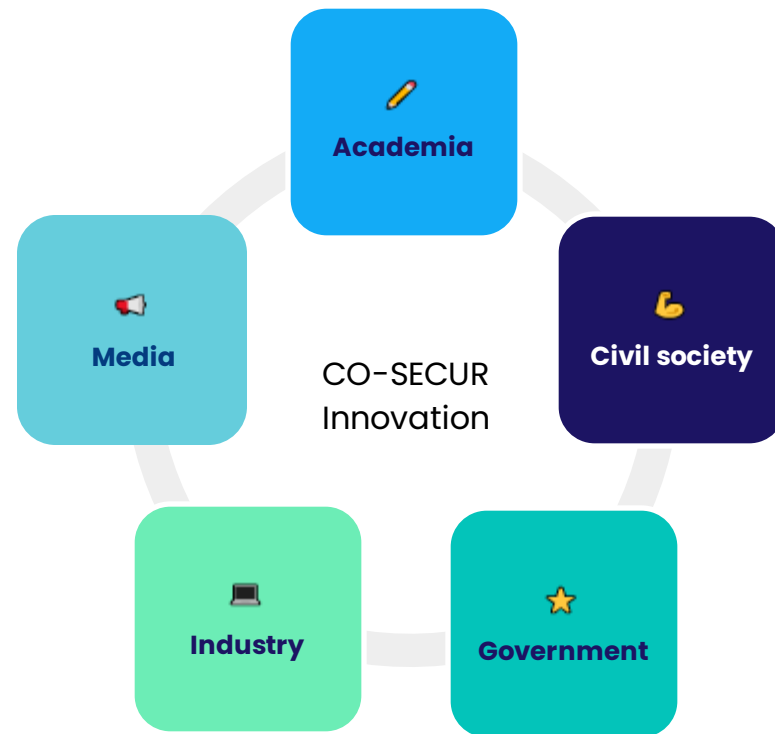

A **compilation of successful social innovation** projects and initiatives in the field of security across Europe. This compendium will showcase real-world examples of innovative approaches to security in public spaces.

Roadmap of Actions

A **strategic roadmap** outlining the necessary steps and actions to promote and implement social innovation in security.

What's our approach?

CO-SECUR will place community-driven security and responsible research and innovation (RRI) at its core, involving a **quintuple helix approach** (Government, Academia, Industry, Media, and Civil society – particularly citizens) to ensure EU-wide participation.

Work phases

Phase 1

Literature review of evidence in security and security perception

Phase 2

Security practices mapping and selection

Phase 3

Descriptive analysis of case studies and critical syntheses of results

Phase 4

Co-writing and validation of the SDP and the theoretical model behind the CO-SECUR approach

Get involved!

To achieve the best results, collaboration and synergies are key

Literature Review

- Peer reviewed literature
- Grey literature
- Reports, academic papers

Case studies mapping

- Best practices
- Social experimentations
- Real-world cases

 Are you aware of a **national or regional initiative** that promotes security through social innovation?

 Do you know a **best practice** of social innovation in security that you want to share?

Let's collaborate:

coordination@cosecur.eu

OPEN CALL:

Security Innovation Advisory Board (SIAB)

We are looking for Practitioners, researchers, academics, and policymakers with experience in:

Security behaviour

Security technology

Social Innovation

**Privacy & data
protection**

SIAB members will act as experts supporting the project execution and implementation phases.

 **Deadline: 15 April 2024**
